

The **BEST** Childrens Parties Ever !

Call: **01224 782004**

EMAIL: ALLAN@ALLANSMAGIC.COM

10 **DO's** & **DONT's** with advice on how to
make your child's party the **BEST EVER!**

DO - Send out your **ALLANSMAGIC** party invitations EARLY. If someone else in your child's class plans a party on the same day it can cause a lot of problems and may result in YOU having to change your plans.

DO - Tie some balloons to the front door - it helps lost guests (and magicians) to find the party house or hall and also sets the party mood.

DONT - Provide seats for the children to sit on - the floor is best as they will be up and down like yo - yo's when dancing & playing games.

DO - Provide seats at back of hall. Parents & adults are welcome to watch the show providing that they sit at the back and BEHAVE themselves!! - I know this sounds a little extreme but noisy adults will attract the children's attention and spoil the show for them - Especially the birthday child. - After all its THEIR party.

DO - Pay **ALLANSMAGIC** on arrival - Trust me when I finish my part you will be the busiest parent in the world taking care of feeding the children. - Paying at the start of the party is just one less thing you have to worry about.

DO - Save any squeakers, hats, blowers etc till the end of the magic show or they could end up ruining the party.

DO - Leave the floor in the venue as clear as possible - ie no balloons, toys etc - once again from experience this could end up ruining the party.

DONT - Videoing the magic content of the show is not permitted- however don't worry, there will be plenty of games & dancing to video, also videoing is permitted while the birthday child is up helping me do the magic - Please advise if you are planning to video prior to the start of the show.

DO - If you hire a bouncy castle (not from **ALLANSMAGIC**), please ensure it is let down before the magic show starts, if one child decides to go and have a bounce the others will follow like sheep.

DONT - Serve ice-cream, sweets, drinks or other refreshments once the magic show has begun - most of the food will end up on the floor and sticky fingers will get EVERYWHERE!
